- Microsoft Test Manager, **Selenium, JMeter**, Quick Test Professional, Azure DevOps, **GIT**, Microsoft Visual Studio.

As a **trainee worked** on real time project

- Drive Perforce **migration** strategy to **GitHub**, including business, merger, and labeling.
- Implement **CI/CD process** using **TeamCity** for global development team, allowing tens of code updates per hour with zero downtime.
- Experience in all phases of the Software Development Life Cycle (**SDLC**) Experience with Agile Methodology Scrum Experience in **managing/leading, creating** and **creating test** teams.
- Wrote **Java** and **Finacle scripting** libraries to display real time pricing via Finacle front end service tool with **API**, leading to increased customer satisfaction.
- Performing **automation testing** and **manual testing** as requirements.

ACHIEVEMENTS

- I Am volunteering **AWS Cloud Chat Bot application** will launching project for 3- months (2023) as well as **building own LinkedIn community**.
- **Reduced costs by ~\$3,000** each month by eliminating **unnecessary servers** and consolidating databases.
- Participated in International **WEB3 Delight Riyadh**. Opportunity towards enhance digital transformation eco system.

- Reduced deployment time for critical **agile project** infrastructure from ~1 month to 15 days.
- Automated build and deployment process with **Jenkins** and **Maven**, eliminating 80% of manual work.

EDUCATION

Visvesvaraya Technological University, Belagavi, IND 2014 AUG - 2018 JULY
Bachelor of Mechanical Engineering,

PB-PU Pre-University College, (PUC), Jamkhandi, IND 2012 JUNE – 2014 JUNE
PUC in Science

SKILLS & OTHER

Skills: Java, Python, selenium, PL/SQL, MySQL, HTML and AWS Cloud, Agile Methodology, Database management software, **Software Development Life Cycle.**

Languages : English, Hindi, Kannada.

Certification : Associate Innovator , AWS DevOps Cloud, PL/SQL, Java, Automation.

Learning Languages : GERMAN, POLISH.
